A. D. Bradford of the Swanton Re-  
porter has purchased the Vermont  
Sun and consolidated the two papers.  
His patrons will now get the two  
papers at the cost of one and as they  
are to be devoted to the interests of  
Franklin County no doubt they will  
receive a loyal support from the  
people.

The first reciprocity treaty under  
the Dingley law, has been signed by  
representatives of this government  
and of Great Britain. It is for the  
British colony of Barbadoes. Treaties  
under this law have to be ratified  
by the Senate and approved by the House  
before they go into effect. Negotia-  
tions are also pending for a similar  
treaty with the British Colony of Ja-  
maica, and another with France, and  
that with British Guiana is practically  
completed, all important points hav-  
ing been agreed upon. A commission  
from Bermuda is now on its way to  
Washington to negotiate a treaty.

The legislature of Indiana failed to  
pass any anti-trust law at its last ses-  
sion, greatly to the regret of many of  
the people. The State Supreme Court  
has just rendered a decision that is of  
much greater importance than any  
specific law against trusts. It holds  
that corporations are chartered by the  
State for the benefit of the people, and  
that whenever they enter into any  
combination to limit the products  
which they make or handle, or fix a  
price, or in any way combine one  
with another against the interests of  
the people, they violate their charters  
and may be compelled to forfeit them.  
The case at issue was that of two gas  
companies, organized to supply natural  
gas. They combined to fix the price  
to consumers, and because of this  
the Court holds that they have  
abused their corporate powers and  
that the same may be declared for-  
feited. The attorney-general having  
announced his intention to proceed  
against all trusts formed in the state  
this decision of the Supreme Court  
has given him an immense advan-  
tage. If he is in earnest, it would  
seem as if it were not possible for  
trusts to flourish in Indiana.—Ex-  
change.

### NEW RULE IN SAMOA.

A dispatch from Samoa states that  
Mataafa has surrendered 1850 rifles  
and the Royalists have given up 2000.  
After June 20 a heavy penalty will  
be enforced upon natives found with  
rifles in their possession. Mataafa  
promises to turn in more weapons.  
The natives have returned to their  
homes. Malietoa Tanus was recog-  
nized as a king by the commissioners  
of the three Powers, and Chief Jus-  
tice Chamber's decision in the matter  
of the kingship was proclaimed valid  
and binding. Malietoa Tanus then  
abdicated in favor of the commis-  
sioners, who appointed a provisional  
government, consisting of the con-  
suls of the three Powers, empower-  
ing a majority to act in all cases  
where unanimity is not required by  
the Berlin treaty.

Chief Justice Chambers continues  
to hold office, and the various munic-  
ipal officials are confirmed. Dr.  
Wilhelm Solf has been authorized to  
act as president of the municipality  
of Apia. The commissioners expect  
to leave on June 28, but they have  
requested Chief Justice Chambers to  
remain. Their report recommends  
the abolition of the kingship and the  
presidency of Apia, and the appoint-  
ment of a governor, with legislative  
council, consisting of the interested  
Powers, assisted by a native House.  
Under this plan, the governor would  
have a veto over general and munic-  
ipal laws, the nominees would be the  
departmental heads; consular, diplo-  
matic and judicial functions would be  
abolished; revenue would be raised  
by an increase of duties and a dimi-  
nution of the poll tax; the jurisdic-

tion of the Supreme Court would be  
increased; the municipality, under a  
mayor and council, would be extend-  
ed, and the post office would be under  
the general government.

### VERMONT VETERANS IN MONTREAL.

A dispatch from Montreal states  
that the city was alive with flags last  
Wednesday and Thursday, the Union  
Jack and the Stars and Stripes float-  
ing from nearly every building and  
flag staff in the city. The Montreal  
papers announced that Senator Proctor  
was there as President McKinley's  
special representative, and the Sena-  
tor received much attention from the  
Canadian officials on that account,  
and took the joke in his usual urbane  
manner.

The Thirty-second Annual Encamp-  
ment opened in Windsor Hall at 10  
o'clock Wednesday morning. Greet-  
ings were brought the visitors by  
Commander Waugh of the British  
Army and Navy Veterans, late of the  
Royal Navy. H. W. Snelling, late of  
Her Majesty's 60th Rifles, now secre-  
tary and treasurer of the Army and  
Navy Veterans, and H. C. St. Pierre,  
Esq., Queen's counsel, representing  
Hancock Post, No. 105, of Montreal,  
were well received and gave short but  
heartily greetings. The following res-  
olution, offered by ex-Gov. Wood-  
bury, was adopted by a rising vote:

Resolved, That the representatives  
of the Department of Vermont, Grand  
Army, in annual encampment assem-  
bled, heartily endorse the wise and  
patriotic course of President and  
Comrade McKinley during the war  
with Spain, and subsequently in deal-  
ing with the difficult problems that  
have confronted his administration in  
the countries over which the sover-  
eignty of Spain has been relinquished.  
The wisdom and courage displayed by  
the President at all times are an as-  
surance of an honorable and trium-  
phant issue from all present difficul-  
ties.

Resolved, That our admiration is ex-  
cited by the heroism displayed by our  
comrades in arms during the war with  
Spain and subsequently in the Philip-  
pines, and we tender them our hearty  
and fraternal greetings.

The following officers were elected  
without opposition: Department  
Commander, Gen. F. G. Butterfield of  
Derby Line; Senior Vice Commander,  
G. O. Smith of Chelsea; Junior Vice  
Commander, H. J. Kimball of Mont-  
real; Medical Director, Dr. S. M.  
Goss; Chaplain, Rev. J. I. Tupper of  
Swanton. Delegates to National En-  
campment: Gen. W. H. Gilmore of  
Fairlee (at large), R. O. Sturtevant of  
Swanton, J. E. Eldridge of Randolph,  
Col. Heman W. Allen of Burlington,  
Capt. J. S. Thompson of Lyndon. Al-  
ternates: W. H. Taylor of Bellows  
Falls (at large), H. E. Perkins of St.  
Albans, Thomas Hannon of Brattle-  
boro, E. N. Haynes of Rutland, Capt.  
C. H. Woodbury of St. Johnsbury, C.  
D. Williams of Burlington. Council  
of Administration: S. H. Wood of St.  
Albans, Capt. E. L. Hovey of St.  
Johnsbury, G. W. Kenney of Rutland,  
Col. G. H. Bond of Brattleboro, A. A.  
Niles of Morrisville.

Speaker Haskins presided at the  
camp-fire held Wednesday evening,  
which was attended by over 2000 peo-  
ple. Governor Smith and staff ar-  
rived at the hall at about 9 o'clock  
and were enthusiastically greeted, the  
Lyndonville Military Band playing  
"Hail to the Chief." Alderman Stev-  
ens, representing the mayor of Mont-  
real, gave an address of Welcome. Sena-  
tor Proctor responded to the  
toast, "The President of the United  
States." Hon. F. W. Borden, Minis-  
ter of Militia for the Dominion of Can-  
ada, made an address, and Governor  
Smith extended the greetings of Ver-  
mont.

The encampment came to an end  
Thursday morning, when the veter-  
ans, escorted by a detachment of the  
members of the Imperial Army and  
Navy Veterans' Association, held a  
parade through a number of the prin-  
cipal streets, and, after returning to  
the Windsor, dispersed.

The parade left the Windsor at 9  
o'clock, and proceeded by way of  
Windsor street to St. James and  
thence to Victoria Square. At the  
square the old soldiers rested awhile,  
and then returned along Notre Dame  
and Windsor streets to the Windsor.  
The Montpelier and Lyndonville Mil-  
itary bands furnished music along the  
route. When passing the statue of  
Queen Victoria in Victoria Square,  
the G. A. R. men saluted Her Majesty  
with doffed hats, repeating the salute  
on their return by Notre Dame street.

It was the intention of Commander  
Harris that the parade should review  
the procession of the St. Jean Bap-  
tiste Society at Chaboillez Square on  
the return to the Windsor, but this  
portion of the programme miscarried,  
the latter procession having passed

before the veterans reached that  
point. In the afternoon the visiting  
G. A. R. men spread themselves out  
over the city, seeing the principal  
points of interest and also taking little  
side jaunts to outside places, many of  
them going to Lachine and shooting  
the rapids. Quite a number went to  
Quebec, and others visited the Feder-  
al Capital at Ottawa.

General Butterfield, the newly elect-  
ed department commander, repre-  
sented Derby in the legislature of '98.  
He is a member of E. H. Stoughton  
Post, No. 34, Bellows Falls, command-  
er of the Loyal Legion of Vermont,  
has been president of the Sixth Army  
Corps, vice-president of the Army of  
the Potomac, and vice-president of  
the District of Columbia, chapter of  
the Sons of the American Revolution.

### DENIED BY COMPETENT AUTHORITY.

Many good people have been trou-  
bled by reading the accounts of atroci-  
ties inhumanity on the part of our  
soldiers in the Philippines. Because  
some silly boys have written home  
accounts designed to show what ter-  
rific butchers they have become,  
people who ought to know better,  
and respectable newspapers which  
certainly have all the opportunities  
for knowing better, have charged our  
soldiers and their officers with crimes  
unparalleled even in the annals of  
Spain. Prof. Worcester, a member of  
the Philippine Commission, who is  
now in Luzon, has made a careful in-  
vestigation of such specific tales as  
have reached his ears, and has de-  
clared them to be either altogether  
false or so grossly exaggerated as to  
convey a false impression. After a  
personal inspection of all the battle-  
fields from Calocan to Malolos, he  
says he never saw a single woman or  
child either dead or wounded. No  
order was ever given to put to death  
those who might otherwise be taken  
prisoners; and the treatment of the  
wounded Filipinos has been so charg-  
ed with Christian charity, and so  
touched with kindly sympathy, as to  
demoralize the opposition against  
American authority. Women and  
children are not shot down like rab-  
bits, prisoners are not put to death,  
and the war in the Philippines has not  
yet transformed Americans into de-  
mons.

## Bugs are Here.

Potato Bugs we are talking about, and we have provided ourselves  
with the usual supply of bug medicine. A few years ago Paris  
Green was the great potato bug poison and our sales of that exter-  
minator were very large. For a number of years we have been  
looking for an insecticide that would be as effective as Paris Green  
and that would be free from poison. From reports received of  
users we believe

## BUG DEATH

to be the desired article. Bug Death is sure death to the potato,  
squash and cucumber bugs, currant and tomato worms, also other  
plant and worm eating pests. It is impossible to injure the  
most tender plant or vine however freely it may be used. Now  
this is the kind of bug killing medicine that you have been looking  
for. One pound costs but 15 cents. For one acre of potatoes  
you will need only 12½ pounds of Bug Death. This is getting rid  
of the pest pretty cheaply, don't you think so? We sell the  
Perfection Shaker, especially made for applying Bug Death, price  
50 cents. Can sell you Paris Green at 20 cents per pound, also  
Hellibore for currant bushes.

We have sold lots of
